SWISS DESIGN SINCE 1998

# BEN – humidifies and scents

3-in-1: Humidifier, aroma diffuser and fireplace effect.

Essential oils are added directly to the water for a more intense aroma experience.

Illuminated water level indicator, dimmable

Slide control enables continuous humidification

Sit back, take a deep breath and relax. A cosy evening by the open fire is a cinch with Ben's 3-in-1 features. He humidifies and scents the air in the room, whilst bathing it in the amber light of the fireplace effect. Ben is an air humidifier, aroma diffuser and fireplace effect in one. The essential oils are added directly to the water, ensuring intensive fragrancing. Ben produces an extra-fine mist whilst the Amber Light™ creates a remarkably realistic flame effect that is totally safe and soot free. The strength can be adjusted smoothly from gently flickering flames with a subtle fragrance, to a blazing fire. The removable water tank can be refilled during operation. The illuminated water level indicator and the flame effect can be dimmed or switched off completely to prevent your well-deserved moments of relaxation from being disturbed. Ben will transform any room into a cosy oasis of calm.
