Aroma diffuser Lucy diffuses your favourite aroma – without noise or soot – in deceptively realistic candlelight. Her Amber Light™ bathes the room in gentle candlelight to create a magical feeling of well-being. There is nothing to stop your candlelight dinner or a cosy evening in with a cup of tea. Lucy uses ultrasound technology to diffuse fragrances and essential oils around the room in the form of a fine mist and, when her water container is empty, she switches off automatically. The aroma diffuser lady is perfect for bedrooms. If you would prefer the scent without the light, the Amber Light™ can be dimmed or switched off completely. With a battery life of up to 7 hours and a USB cable for mobile use, the mobile aroma diffuser lady is your loyal companion to accompany you on holiday or in a hotel. She creates a beautifully fragranced, cosy mood for you to relax in, wherever you are.
